Lipsmart

This lip balm is your one-stop-shop for beautiful and healthy lips. Whether you want them to be wrinkle-free and smooth, soft and hydrated, or plumped up, the Lipsmart is all you need to achieve it. The balm is made with really tasty ingredients and fragrances including pineapple, peach, apricot, lemon and coconut natural fruit extracts. You can wear it alone or under lipstick and, for maximum results, apply it two to three times a day. But we're sure you'll want to reapply much more often than that. We've got three up for grabs!
